Regardless of the type of payment method you choose, it is your responsibility to ensure that we receive your payment in time to credit your account by the payment due date. To help us process your mail payment quickly, please include the return portion of your statement with your cheque payable to Walmart Rewards Mastercard.

Interest and Grace Period

Interest accrues on purchases from and including the date of each purchase and on fees from and including the date of the transaction. However, if we receive payment in full of your total new balance shown on this statement by the payment due date shown on this statement, you will not be charged interest on the new purchases, fees and interest shown on this statement. This interest free grace period does not apply to cash advances (including balance transfers, cash-like transactions and transactions using convenience cheques that we may issue to you) nor their associated fees, and interest accrues on cash advances from the date of the transaction.

Statement Term Definitions:

Trans Date is the date the transaction occurred. *Posting Date* is the date the transaction was posted to your account. If the date that the transaction occurred is not available, the date of posting of the transaction to your account will be shown in both columns.
